

Tickerplant & Sister Nivedita University signed Memorandum of Agreement to set up Finance Lab

19th July, 2019: Tickerplant Limited (Ticker), a leading global real time content provider signed Memorandum of Agreement with Sister Nivedita University in order to bridge the industry academia gap and to enhance employability and self-employability in the university amid rapid revolution of skill needed at workplace.

Through this partnership, Ticker shall help SNU in setting up a finance lab and impart knowledge on economics and commerce. Market View Terminal (MVT) is Tickerplant's integrated cross-asset market data platform for real-time streaming quotes, news and analytics with information on domestic and international exchanges as well as OTC markets with advanced charting, comprehensive and advanced technical analysis as well as a wide range of economic data - anywhere, anytime. It provides extensive coverage on equities, derivatives, commodities, Forex and fixed income markets. MVT is designed for all Institutions, Corporates, Investors who require competitive edge of all relevant market information and cost effective delivery mode.

Ticker will be responsible for inclusion of market analytics tools as well as suggesting a framework / syllabus for students covering various areas of management studies like finance, marketing, international business, finance and accounts etc.

"The laboratory is expected to help students in having an edge over others and will enhance practical knowledge related to financial markets and data analytics. The effort can make the students more confident in their professional workspace as well as can help students of SNU to become an entrepreneur in the financial products and services space," Mr. Arindam Saha, Jt CEO, Ticker said.

About Tickerplant Limited (Ticker)

Ticker is one of the leading global content providers in the financial information services industry that integrates and disseminates ultra-low latency data feeds, news and information.
